Dear Parents,

St. Mary's Schools represent the very best Catholic education. Every student gets the opportunity to learn in a unique environment that combines the pursuit of excellence in all areas of study. Qualified and gifted teachers provide guidance in a nurturing Christian environment that encourages spiritual and moral development.

The construction of St. Mary's Elementary began in 1914. The school first opened its doors in 1915 to provide primary school education for the children of Our Lady of Czestochowa Parish. In 1936, St. Mary's School expanded to include high school and graduated its first senior class in 1940. We are celebrating 100 years of Catholic education this year.

Now, one hundred years after its founding, St. Mary's Schools not only serve the youth of Our Lady of Czestochowa Parish but students from Worcester and surrounding towns and students from all religious and cultural backgrounds. St. Mary's Schools continues to promote academic excellence while fostering spiritual growth in the Catholic tradition.

St. Mary's Schools are the only schools in the Diocese of Worcester to offer a Pre K through grade 12 Program. St. Mary's Elementary School and High School are in one location, simplifying scheduling and commuting for families, enhancing community life and encouraging family involvement.

We are well aware that parents must make sacrifices to send their children to a private school. With that in mind, we work very hard to keep our tuition affordable for today's families.

Thank you for considering St. Mary's Schools for your child's education. Please do not hesitate to contact us with any questions.

God Bless you,

Fr. Richard Polek
